

ZOP MAY GENERAL REPORT

The MAY camps were sponsored by MPACT EAST AFRICA – Round tickets of all 4 doctors
MUSLIM AID and MUZAMMIL STORE – other requirements of the camps.

Many thanks to the sponsors

The camps were done 1 week earlier than scheduled as both leading doctors on ENT and OBS/GYN camp will not be available on the scheduled dates.

We were able to hand over the AUDIOLOGY room of CHAKE CHAKE Hospital.

The room was handed over to the District Medical Officer of Chake Chake on behalf of Ministry of Health Zanzibar

it was also attended by the reporters, television and radio, mainly, is to make sure that the news reaches everyone in Pemba that the hearing test can be done in the island.

The first child to have the hearing screening in the room, the District Medical Officer being shown the test, done by Issa.

The Renovation was supported by CHARA of USA and the AUDIOMETER was from IMPACT EAST AFICA

CHARA is also looking into converting the AUDIOLOGY rooms of Zanzibar into sound proof rooms.

We would like to give our sincere thanks to CHARA and IMPACT East Africa for this support.

Yours,

Naufal
